

3 profile systems

2 corner options

1 Syma32 90° + Syma14 90° Profile Handles

2 Syma32 inglete 45° + Syma2 inglete 45° Profile Handles

3 Flat Gola Profile System + Sugo Handle

4 RincoPlus40 Corner

5 Compact32 Corner

ONE

Syma32 + Syma14

The combination of Syma32 with its complementary Syma14 simulates a gola style allowing an independent opening between the upper and lower front. Besides, its vertical installation is ideal for closets.

- ✦ No machining
- ✦ Quick assembly
- ✦ 4 finishes
- ✦ Custom-fitted handles
- ✦ DIY

Syma32 inglete + Syma2 inglete

Syma32 inglete and Syma2 inglete integrated handles are an elegant combination to form a "C" look, achieving a contemporary design.

- ✦ Easy machining
- ✦ Quick assembly
- ✦ 4 finishes
- ✦ Custom-fitted handles
- ✦ DIY

TWO

THREE

Flat Gola + Sugo Handle

Flat Gola Profile of Rincomatic is an ideal choice to get a modern and minimalist project. With this profile, you can alternate between horizontal and vertical application in any of your designs.

- ✦ Easy machining
- ✦ Horizontal & vertical applications
- ✦ 4 finishes
- ✦ Complimentary Sugo handle

Compact32 Corner
