**ABRALON®**

- For smooth and profiled surfaces
- Suitable for both dry and wet sanding, by machine or by hand

**ABRANET®**

- Dust-free sanding of putty, primers, lacquers, composites and more
- For dry sanding, by machine or by hand

**IRIDIUM**

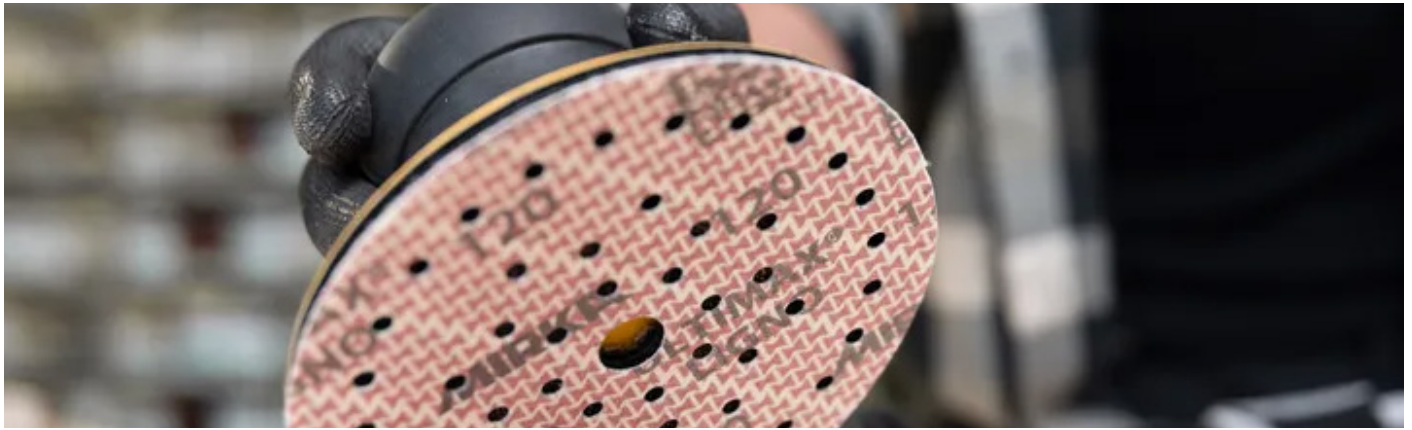

- For universal sanding
- Perfected for speed and efficiency
- Prevents clogging, reduces pilling
- Grains stay sharp for longer

**MIRLON TOTAL®**

- Dense scratch pattern, rapid results
- Suitable for wet and dry use
- Strong and long-lasting

AUTONET®

ITEM NO.	DESCRIPTION	QUANTITY
AE23205012	5" Grip P120	50 Discs/Box
AE23205015	5" Grip P150	50 Discs/Box
AE23205032	5" Grip P320	50 Discs/Box
AE23205041	5" Grip P400	50 Discs/Box

AUTONET®

- Speed, efficiency and amazing dust extraction ability
- Eliminates clogging and pilling, ensuring a long life
- Excellent initial aggressivity
- Reduced edge wear in finer grits
- Versatile range

GALAXY

- Ceramic grains are self-sharpening and non-clogging
- Multifit universal hole configuration allows the abrasive to fit on any tool without alignment
- Suitable for sanding both soft and hard materials

ULTIMAX® LIGNO

- Tailored for wood sanding
- Fast and even cut
- Variable-width dust channels lead to extraction holes
- Reduced heat prevents clogging
- Flexibility and edgewear resistance
- Dust free sanding technology reduces exposure to wood dust, a significant occupational health risk

**Atlantic
Tech Support**

Atlantic Plywood is ready to assist you with everything from troubleshooting to guidance on finish selection and proper sanding & applications to achieve the results you want. We even have a dedicated wood finish hotline for immediate assistance.

Ask Atlantic for a Mirka demo or training

Take your craftsmanship and your business to the next level.
Get the most out of your Mirka products, save time and money,
and benefit from Atlantic's support services designed for you.

BASECUT

- Economical, high efficiency choice
- High initial aggressive cut
- Long working lifespan

GOLD

- Well-suited for high-speed sanding in a multitude of applications
- Prevents clogging and pill-forming

GOLD PROFLEX

- Stearate coated abrasive paper for dry hand sanding of wood, fillers, paints, and coatings
- Flexibility and conformity in profile sanding as well as on flat surfaces
- Anti-slip coating for good grip

GOLDFLEX SOFT

- For dry sanding profiled surfaces and irregular, difficult-to-reach details by hand
- Grip friendly, applies pressure evenly
- Prevents clogging

DEROS

- Direct Electric Random Orbital Sander
- Compact, ergonomic, and easy to use
- Simple and efficient with a long lifespan

DEOS

- Direct Electric Orbital Sander (compact)
- Compact, ergonomic, low-profile design
- High-efficiency brushless motor

PROS

- Pneumatic Random Orbital Sander
- Efficient and effective
- Maximum dust extraction even at low suction power

DUST-FREE SYSTEMS

- Tool, dust extractor, and hose
